 - Username – If you are an individual with a four (4), three (3), or two (2) digit employee number, you will need to add zeros (0) to the front of your ID to make it five (5) digits long
 - Example: Employee ID 777 would type “00777” Employee ID 7777 would type “07777” as their User Name
 - Password – your password will be your date of birth in number form without “/” to separate the numbers
 - Example: Birthdate is January 13th, 1972. For the UKG password, you will submit: 01131972
- You will be asked to create a new password with a minimum of 16 digits – when asked for current password, be sure to use the birthdate you just used.
- You will be asked to complete some personalized security questions.
- Upon completing all these steps, you will be directed to sign in using your username and password to gain access to the system.
